

Feel your best with medicine that costs less

Want any easy way to save money? Look no further. If you're on a brand medicine, switching to the generic can save you money. It's just as safe and effective, but costs a lot less.

	Same	Different	Explanation
How it works	X		The FDA requires generic medicines to work the same way brand medicines do.
What it costs		X	Generic medicines typically cost less than brand medicine.
How safe it is to take	X		Generics and brands use the same ingredients, so they have the same risks and benefits.
How well it works	X		Generics work just as well as brand medicine and have the same doses, ingredients and use.
