

## Take charge of your health plan

You go online to research, plan and follow up on big decisions. A HealthPartners online account makes it just as easy to stay on top of your health care and insurance.

### Get personalized information when and where you need it

With an online account, you have real-time access to your personal health plan information in one simple place. No more guessing or waiting until business hours to get answers to your questions.

### Top 6 ways to use your online account and mobile app

1. See recent claims, what your plan covered and how much you could owe.
2. Access your Living Well dashboard to check your program progress, take the health assessment and complete activities.
3. View your HealthPartners member ID card and fax it to your doctor's office.
4. Check your balances, including how much you owe before your plan starts paying (deductible) and the most you'll have to pay (out-of-pocket maximum).
5. Compare pharmacy costs to find the best place to get your medicines.
6. Search for doctors specific to your plan.

### Sign in to your account

Manage your health and your plan at [healthpartnersunitypointhealth.com](https://healthpartnersunitypointhealth.com) or the **myHP** app.

Don't have an account yet? It's quick and easy to sign up – you'll just need your member ID card.

I love directing members to their online accounts and the mobile app. You can easily get your health plan info, even when I'm not in the office.
