Frequently Asked Questions

When can I use Adult Backup Care?

Adult Backup Care is available in either your home or the home of the adult needing care. For new adult care requests, an in-home assessment is conducted by an agency in Care's network before starting care.

How are Adult Backup Care providers screened?

Care's network of adult care agencies maintains a rigorous screening process for care providers they employ. Providers will have at least two professional references and a criminal background check in accordance with state guidelines, and may be certified nurse's aides, home health aides, or experienced elder care companions.

What if my loved one lives in another city?

While we can't guarantee a network agency in all locations throughout the country, our team endeavors to meet the needs of your adult dependents, wherever they live. Providing information on location and the type of care needed in advance will help ensure the right match.

How do I pay for Backup Care?

The credit card you have on file will be charged after care takes place. Part of your Backup Care is subsidized, so you are only responsible for your co-pay.

What's the cancellation policy?

A \$30 cancellation fee will be assessed to the Eligible Individual if a Backup Care request is cancelled within forty-eight (48) hours of the backup care reservation start time and a backup care provider already had been reserved to fulfill the backup care request. Additionally, if the cancellation occurs within twenty-four (24) hours of the backup care reservation start time, one (1) day also will be deducted from Customer's Allotted (or Additional Allotted, as applicable) Backup Care Service Days and from the Eligible Individual's maximum number of Backup Care Service Days.
